Career Objective

Aspiring software developer seeking an opportunity to leverage my skills in Next.js, TypeScript, Java, and React to build impactful software solutions. Passionate about creating scalable and efficient web applications while contributing to the growth of a forward-thinking organization.

Education

Bachelor of Technology (B.Tech) - Computer Science and Engineering

GLA University, Mathura

CPI: 8.04 (Second Year)

Technical Skills

- Programming Languages: Java, JavaScript, TypeScript
- Frameworks and Tools: Next.js, React, Prisma
- Database Management: Prisma ORM
- Version Control: Git and GitHub

Projects

- Quizzer

Technologies Used: React, JavaScript, Firebase

Description: A web-based quiz application that allows users to create, share, and participate in quizzes. Features include real-time scoring and leaderboard.

Role: Full-stack developer; implemented authentication and quiz logic.

- Bloggify

Technologies Used: Next.js, TypeScript, Prisma

Description: A blogging platform enabling users to create, edit, and manage posts with a clean and intuitive UI.

Role: Frontend and backend development, database integration using Prisma.

- KaiShop

Technologies Used: Next.js, TypeScript

Description: A clothing shopping website that aggregates high-quality clothes from multiple websites and provides them at affordable prices.

Role: Full-stack developer; handled UI/UX design and integration with APIs.

Hobbies and Interests

- Playing cricket
