EXPERIENCE

LayrdUI

Founder & Frontend Engineer | 2025 – Present

- Built and launched LayrdUI, an UI templates and component library designed for modern web applications.
- Gained 100+ daily users consistently after the launch day.
- Developed reusable and customizable UI components using Next.js, React, TypeScript, and Tailwind CSS.
- Designed project architecture, component APIs, and deployment workflows.
- Focused on accessibility, performance optimisation, and developer experience.

PROJECTS

BuyBuddy | E-Commerce Platform

Next.js • React • Razorpay • Prisma • PostgreSQL

- Built a complete e-commerce platform with authentication, product catalog, shopping cart, and order management.
- Implemented secure backend APIs and database models using Prisma ORM and PostgreSQL.

Bloggify | Blogging Platform

Next.js • React • TypeScript • Prisma • PostgreSQL • Tailwind CSS

- Developed a modern blogging platform supporting content creation, editing, publishing, and content management.
- Implemented secure authentication and protected routes using NextAuth for role-based user access.
- Built an intuitive dashboard with rich text editing, post management, and responsive UI.

EDUCATION

GLA University | 2023–2027

B.Tech Computer Science | CPI: 7.49

SR Public School | 2019–2022

PCM | Percentage: 87.6%

SKILLS

- Next.js
- React
- TypeScript
- JavaScript
- Tailwind CSS
- Node.js
- Express.js
- Prisma ORM
- PostgreSQL
- Git & GitHub
- REST APIs

ACHIEVEMENTS

- Built and launched LayrdUI, an open-source UI component library with 450+ page views and 100+ daily users.
- Earned the Knight badge on LeetCode with a peak rating of 1850+.
- Solved 500+ Data Structures & Algorithms problems.
- Built multiple full-stack applications using Next.js, React, Prisma, and PostgreSQL.
- Passionate about building developer tools and scalable web applications.
